Catalogues, databases

Online catalogues:

NEKTÁR – Central Catalogue [1]
The central online catalogue of National Széchényi Library makes it possible to carry out simple as well as detailed search in the collection of NSZL and in the stocks of the Library of Book History, Library and Information of the Hungarian Library Institute and the Library of the Hungarian National Museum.

Audiovisual documents [2]
Bibliographical catalogue of audiovisual legal deposit. Search functions can be accessed according to audiovisual document types and their major characteristics.

MNB – Hungarian National Bibliography

On the pages of Hungarian National Bibliography (MNB) [3], on a joint surface, users can access Hungarian national bibliographies (first printed but now available in a digitized format on the Internet) describing documents belonging to the category of ‘hungaricum’, databases and those published as e-periodicals.
