Half a million articles in EPA

2017/09/04

In August, the number of articles in NSZL’s Electronic Periodicals Archive & Database (Hungarian abbreviation: EPA) reached 500,000! The service is expanding and it continues to be available for free.

[1]

In August, the number of articles in the Electronic Periodicals Archive & Database [2] (Hungarian abbreviation: EPA) reached 500,000.

Based on data available this morning, visitors of the site can search in 505,217 articles.

Follow us on Thumblr because the latest content [3] is summarized (in Hungarian) on our speed blog every week.

We wish you a good browsing!
