

Reference services

[1]

During opening hours, users and those interested are provided with general and special information services:

- The Library gives information about its stock, databases and services;
- It gives information about major Hungarian and international information services, databases, electronic journals and about their availability;
- The Library gives information about the location and bibliographic data of books (on the basis of reports received from Hungarian libraries about books published in Hungary before 1952 and abroad, from 1801 to present day);
- It provides help with the use of NSZL and its catalogue system;
- The Library provides bibliographic and data information;
- Its services include introduction into special literature related to a given topic;

Reference services

Published on Országos Széchényi Könyvtár (<https://oszk.hu>)

- The Library helps with compiling special literature for students' thesis;
- It provides special information service in the fields of history and literature sciences.
