E-books from Typotex

2018/02/06

A free online higher education database including books published by Typotex Publishing House has been available in NSZL since 2018. Library readers can have access to the database via computers placed in our reading rooms.

INGYENESEN
elérhető
tankönyvek
2018-tól már intézményünkben is elérhető
a Typotex Kiadó könyveit tartalmazó
edu.interkonyv.hu
ingyenes online felsőoktatási adatbázis.

[1]Free online higher education database edu.interkonyv.hu [2], including books published by Typotex Publishing House, has been available in NSZL since 2018.

Characteristics of the database are as follows:

- More than 500 books and college textbooks
- PDF format available online
- Topics: natural sciences, social sciences, technical sciences, medicine, art
- Search by author, title, series and subject
- Full text search
- Navigation table of contents
- Extra functions following registration/login: bookmarking, and 15% of each book can be downloaded and printed.

The service can be accessed via computers placed in the reading rooms of National Széchényi Library.
