Internet service in the reading rooms of NSZL

2019/06/25

Outages in internet service can be expected in the reading rooms of the Special Collections of National Széchényi Library.

Dear Readers,

Hereby we inform you that, due to the renewal of the IT network of NSZL, in the coming days outages in internet service can be expected in the reading rooms of our Special Collections. Consequently, our catalogs and databases will occasionally be unavailable.

Also we inform you that, due to the limited seating capacity of our currently operating reading rooms (Manuscript Collection/ Early Printed Books Archive; Theater History Collection/ Music Collection), in case of a lack of seats, those researchers will be served first who are making research in the documents stored by the given Collection.

We apologize for any inconvenience caused. Thank you for your understanding.
