How to approach the Library on October 30?

2019/10/25

On Wednesday October 30, 2019, from morning presumably until late afternoon, interstate guests protected by special security measures will be received on the territory of Buda Castle District. During this time, pedestrian traffic between Dísz Square and National Széchényi Library will be restricted from time to time, for longer or shorter periods.
We kindly ask you not to deliver legal deposit copies to NSZL throughout the day.
