

As of October 1, touch-free body temperature measurement at our main entrance is mandatory

2020/09/30

As of Thursday October 1, 2020, touch-free body temperature measurement is mandatory for our readers on entering the library building.

Dear Readers,

As of Thursday October 1, 2020, touch-free body temperature measurement is mandatory for our readers on entering the library building. Temperature will be taken with the assistance of our security service staff.

It is our common task and responsibility to slow down the spread of the epidemic, by which we also help to protect our own health and the health of our readers and to ensure the undisturbed operation of our institution.

Thank you for your understanding and cooperation.
