The validity of NSZL reader passes has been prolonged until March 2, 2021

2021/01/11

Due to the extension of pandemic restrictions, our Library is still unable to receive its readers personally. In this difficult time, we want to compensate our loyal readers for the inconvenience.

Due to the extension of pandemic restrictions, our Library is still unable to receive its readers personally. In this difficult time, we want to compensate our loyal readers for the inconvenience, and also, we consider it particularly important to provide services available to professors, researchers and all interested parties from home. Therefore, the validity of reader passes expiring between October 1, 2020 and March 1, 2021 has been extended until March 2, 2021, allowing our readers to continue to access our subscribed databases.

As part of the campaign, the validity of 882 reader passes has been prolonged.

Please, note that remote database access with eduID authentication requires that reader email addresses be recorded. If you have not yet provided us with your e-mail address, please, write to the e-mail address inform[at]oszk.hu or call the Central Information Service, Monday to Friday from 9 am to 5 pm, at +36 1 224 3845 or + 36 1 224 3848.

For more information on remote access to subscribed databases, click on this link [1].

A Hungarian-language guide to accessing databases remotely is available at this link [2].

We also recommend you our online thematic services [3] and the content provided by Fotótér [4] (Photo Space), Földabrosz [5] (Earth Cloth), Plakáttár [6] (Poster Archive), Régi Ritka [7] (Old Rare) collection of engravings, the Hungarian Electronic Library [8] and the Electronic Periodicals Archive & Database [9].

During 2020, a wide range of curiosities became digitally freely accessible.
