IT maintenance starting on 5 February, 6 p.m.

2021/01/29

Server maintenance work will begin on Friday, 5 February, at 6 p.m., expected to affect all local and online systems.

On February 5, 2021, the Information Technology Division of the library will perform network and server maintenance and installation tasks in the server room. Work will begin at 6 p.m. After 8 p.m., you may experience intermittent outages affecting all systems and services.

The services are expected to be restored no later than Saturday 8 a.m.

We apologize for the inconvenience this may cause.
