Validity of reader passes expiring during closure extended until June 2, 2021

2021/03/02

The validity of reader passes expiring between March 1 and June 1, 2021 has been extended until June 2, 2021, allowing our readers to continue to access our subscribed databases.

Unfortunately, due to the extension of emergency restrictions, our Library is still unable to receive its readers in person. In these difficult times, on the one hand, we want to compensate our loyal readers for the inconvenience, and on the other hand, we consider it particularly important to provide services available to professors, researchers and all interested parties from home. Therefore, the validity of reader passes expiring between **March 1 and June 1, 2021 has been extended until June 2, 2021**, allowing our readers to continue to access our subscribed databases. As part of our campaign, we extended the validity of 1183 reader passes.

Please note that remote database access with eduID authentication requires reader email addresses to be recorded. If you have not yet provided us with your e-mail address, write to the e-mail address inform[at]oszk.hu or call the Central Information Service, Monday to Friday from 9 am to 5 pm, at +36 1 224 3845 or + 36 1 224 3848.
