Based on the request of quotation we will send a unique offer, which will include the estimated time of completion. We will prepare your order after the written confirmation. Our informative prices can be found on our website [1]. If the document included in the digitization order requires protective intervention, our prices shown on our website may be subject to change.

The amount of digitisation that can be submitted in one order is limited. Individuals may submit one form at a time: up to 1000 pages for documents from the General Collection and up to 500 pages for documents from the Special Collections. Requests for the next 10 items from the same individual can only be accepted after the previous 10 items have been completed (paid and sent).

You commission the staff of the National Széchényi Library to make copies of the parts of the marked document for you exclusively for scientific research and individual learning, as well as for individual use, according to the Copyright Act. Aware of criminal liability, you declare that you will not use the copy for public communication without the special permission of the author or successor, will not hand it over to a third party, will not make any further copies to another person, and will not change its content. In case of publication, the communication fee is paid to the National Széchényi Library. In case of secondary communication, it shall indicate its source as a reference.
